

Algeria eco play power station

The power station battery dropped to 98% after charging both of our device one after the other for 25 minutes. My husbands iPhone 13 mini also only pulled 13-15w to charge. The last test we ran was on our iPad Pro 12.9. We plugged our tablet in with a usb C to C cable. The tablet was at 19% while the power station battery was at 98%.
