

What is amasstore gtx5000?

Intended Use AMASSTORE GTX5000 is an energy storage unit that is designed to be used in residential on-grid applications with the capability for short-term backup. Notes regarding intended use: AMASSTORE GTX5000 is not suitable for supporting life-sustaining medical equipment. Copyright © 2021 SofarSolar. Page 5 User manual AMASSTORE GTX5000 devices.

What does amasstore gtx5000 led indicate?

User manual AMASSTORE GTX5000 5.2.2 LED Indicator Definition L1 to L6: Blue, show the battery level, each light indicates 16.67% SOC. L7: Blue or Red, show battery running status, blue is normal, red is abnormal.

How to check battery status amasstore gtx5000?

User manual AMASSTORE GTX5000 5.2.1 Start Button Start button integrated LED status Indicators, to show Battery running status or warning status. 1. Press start button more than 3s and then release the button, LED will light from L7 to L1, and then enters to automatic coding, all LED lights flash and L7 is shown as purple.
