What is the BMZ doing in Sierra Leone?

At the government negotiations in November 2023, Sierra Leone received commitments of 37 million euros in order to continue projects in the aforementioned core areas. In addition to bilateral cooperation, the BMZ is also supporting a responsible commodities policy in West Africa via a regional project.

Where is BMZ based?

The Group is headquartered in Germany and has production facilities in China, Poland and the USA as well as offices in Japan and France. In addition, there are research & development facilities worldwide. BMZ has 25 years of experience with over 2,000 customers and implements around 250 new projects every year.

What is the healthcare system like in Sierra Leone?

The healthcare system in Sierra Leone has serious shortcomings. Healthcare services are underfunded, and there is a lack of medical staff and technical equipment.

Is Sierra Leone a German partner country?

In 2021, Sierra Leone was given the status of a bilateral partner country under German development cooperation. Since 2006, the country had been benefiting from regional support provided by Germany via the "Fragile States of West Africa" fund.

Will Sierra Leone become a more autocratic country?

Since August 2022, however, there have been growing signs that a change towards a more autocratic system of government is underway. In 2021, Sierra Leone was given the status of a bilateral partner country under German development cooperation.

Does Germany support NGOs working in Sierra Leone?

Germany also supports numerous NGOs working in Sierra Leone, in particular in the areas of training and education, health, land rights and the rights of women and girls.
