Expect to pay a little more for computers in Cayman than in the US. However, if you do buy a computer in the US, remember you will have to pay 22% duty on the shipping, insurance and cost of the equipment, when you ship it to Cayman. Also consider that warranties on computers bought off-Island do not extend to the Cayman Islands.

Environmental Benefits: Solar energy is a clean and renewable source of power that produces no harmful greenhouse gas emissions or contributes to air pollution. Switching over to solar can significantly reduce your carbon footprint and help combat climate change, not only for yourself but for the entire Cayman Islands too.

(CNS): Cayman's first commercial alternative energy facility is to be built in Bodden Town. CUC has awarded a contract for 5 megawatt (MW) plant to be built by Entropy Cayman Solar Limited on a 20-acre site. It will include over 21,000 poly-crystalline photovoltaic (solar) modules each with a DC-rated capacity of 305 watts and will...

Electricity Rates. Monthly electricity bills will vary depending on the size of your house, condo, apartment, your lifestyle, how often (and cold) you run your air conditioning, the efficiency of your air conditioning unit, the age of the property and how well the property is insulated, among other factors.
