What is a EP Cube?

These clean energy market trends and advancements in solar energy generation spawned the creation of the EP Cube, the latest product from the global solar energy technology provider, Canadian Solar, Inc. (CSI). The EP Cube is a whole home residential energy storage system that is easy to install and cost-effective.

What is an EP Cube Solar System?

Simplicity The EP Cube is an all-in-one solution that houses a hybrid inverter and battery modules in the main system box. Almost all cables, connections, and other components are stored within the gateway unit and the inverter, making this design solar installer friendly.

How much energy can a EP Cube store?

The slim, sleek design includes battery modules weighing 70 pounds and EP Cube can be ground or wall-mounted, inside or outside, since it's weather-resistant and requires minimal space. The EP Cube's storage capacity spans 9.9 kWh to 19.9 kWh, with the ability to connect up to six units in parallel for 119.9 kWh.

What is EP Cube battery?

Longevity The EP Cube is a plug-and-play energy storage system backed by a 25-year warranty. The battery module's Lithium iron phosphate (LFP) chemistry is safer and has a longer lifespan than other battery chemistries. **Safety** The LFP chemistry allows the battery to operate at higher temperatures with a lower risk of hazard.

Why should you buy a Canadian Solar EP Cube?

Accessibility Canadian Solar has invested in state-of-the-art manufacturing and proficient supply chain partnerships to make the EP Cube attainable nationwide with low lead times and meet the rising demand for solar-powered homes.

Is the EP Cube UL 9540A certified?

With UL 9540A certification, the EP Cube meets the industry's stringent energy storage and equipment safety standards and negates thermal runaway concerns. Safe for use inside and out, the system's state-of-the-art cooling system keeps the heat down with improved discharge and charge efficiency.

EP Cube uses lithium-ferrophosphate technology in its batteries. Thanks to a high level of quality controls, it is one of the most secure and reliable storage solutions on the market. Certified to IEC standards and IP65 rated, the EP Cube offers a system warranty of 10 years or 6000 cycles at 80% of initial capacity.

Il sistema EP Cube adotta un design modulare. Ogni modulo batteria pu#242; immagazzinare 3.33 kWh di energia e pesa circa 35 kg, il che facilita notevolmente trasporto e installazione. Grazie al design modulare impilabile, ...

Title: EP Cube Datasheet_NA_English_V3.0 Author: Canadian Solar Inc. Subject: A flexible, intelligent home energy storage solution, Moonflow integrates a stackable hybrid inverter and battery modules for simplified install with minimal wall space. The Smart Gateway and integrated monitoring system adds complete backup functionality and control ...

On February 21 at the Genera 2023: International Energy and Environment Fair held in Spain, Eternalplanet launched EP Cube, a residential energy storage system for the European market. This marks a new step for EP Cube's global strategy since its successful landing in the American market last year.

EP Cube offers significant savings in system installation time and cost. The EP Cube storage system allows the storage and use of green electricity, generated by photovoltaic systems, thus reducing dependence on the grid, helping to reduce CO₂ emissions and enabling cost saving. EP Cube (Single-phase version) Green and cost-saving

EP Cube uses lithium-ferrophosphate technology in its batteries. Thanks to a high level of quality controls, it is one of the most secure and reliable storage solutions on the market. Certified to IEC standards and IP65 rated, the EP Cube offers ...

El EP Cube emplea la tecnología de litio-ferrofosfato en sus baterías. Gracias a un alto nivel de controles de calidad, es una de las soluciones de almacenamiento más seguras y fiables del mercado. Certificado según la normativa IEC y con protección IP65, el EP Cube ofrece una garantía de sistema de 10 años o 6.000 ciclos al 80 % de la ...

The EP Cube is a whole home residential energy storage system that is easy to install and cost-effective. The low installation cost and simplicity give homeowners comfort knowing their homes will be fully powered during an outage, eliminating the need to pick and choose critical loads. Spearheaded by CSI's industry expertise, innovation, and ...

The EP Cube Battery offers scalable backup power to ensure uninterrupted energy during outages. Designed for flexibility, it integrates seamlessly with existing solar systems What we ...

Eternalplanet lanzará su batería de almacenamiento de energía doméstica EP Cube en febrero en Europeo, el primer país de lanzamiento es España, donde el producto se presentará oficialmente en la exposición Genera de Madrid el 21 de febrero. ... Solar Power World (SPW), an American media outlet specializing in solar power industry ...

About Us is where you can learn more about EP Cube and our mission. We are a leading company in the solar energy industry, providing innovative and reliable products and services to our customers. Our mission is to make solar energy accessible, affordable, and enjoyable for everyone. Our vision is to create a cleaner and brighter future for our planet and our people.

EP Cube AC Switch Box EP Cube Smart Meter EP Cube Wall-mount Kit EP CUBE ASB1-40 EP Cube 1PHM1 EP Cube Wall-mount Kit1 Accessories Model Certifications Safety EMC Energy efficiency Grid stand ards IEC / EN 62109-1, IEC / EN 62109-2, IEC / EN 62477-1, IEC / EN 62619-1, IEC 60730 Annex H, IEC 60529, VDE 2510-50, UN 38.3 IEC 61000-6-3, IEC / EN ...

The EP Cube is a whole home residential energy storage system that is easy to install and cost-effective. The low installation cost and simplicity give homeowners comfort knowing their ...

All-In-One Solar Backup Power | Applies for new & retrofit PV systems. EP Cube by Canadian Solar shipped free within Canada. Complete Kit includes: Hybrid Inverter, Gateway, Batteries, Base Mount and Wall Brackets. ***Get free shipping to your door in Canada! No import fees!*** Total energy 9.9 kWh / 13.3 kWh / 16.

Cost saving. The EP Cube hybrid inverter allows up to 16A per PV string current, and supports up to 4 MPPT connections, enabling greater PV panel connectivity so as to transform more solar ...

Il sistema EP Cube adotta un design modulare. Ogni modulo batteria pu#242; immagazzinare 3.33 kWh di energia e pesa circa 35 kg, il che facilita notevolmente trasporto e installazione. Grazie al design modulare impilabile, la capacit#224; energetica del sistema pu#242; passare da 6.6 kWh a 19.9 kWh, rendendolo versatile e compatto per un'ampia gamma di ...

How much does the EP Cube cost? Canadian Solar hasn't released any official pricing for the EP Cube system. However, you can probably expect it to cost no less than between \$12,000 and \$15,000 for the 3-module option. As you add battery modules and units, the total price will increase. When the EP Cube officially becomes available for ...
