

Eswatini burando energies

What is Eswatini's energy revolution?

Eswatini's energy revolution is a testament to its dedication to sustainability and self-sufficiency. As Eswatini strides into the future with renewable energy, the convergence of local innovation, international collaboration and growth-oriented policies promises to illuminate every corner of the nation.

Who is Burando energies?

Burando Energies is fully dedicated to supporting this crucial transformation as a leading independent supplier of maritime energy solutions. We understand that shifting the shipping sector towards sustainability is a gradual process.

What is the main energy source in Eswatini?

Hydroelectric power currently stands as one of the most prominent energy sources in Eswatini. The EEC operates four hydropower plants, constituting 15% of the country's electricity production and plans to bolster the existing infrastructure.

Why is Eswatini electrified?

The electrification of Eswatini promises its energy-deprived citizens more than just basic household power. It heralds a new era of economic expansion, immediately offering job prospects in construction and laying the groundwork for internet-driven startups to flourish.

Is Eswatini a sustainable country?

A nation that has long relied on neighboring South Africa and Mozambique for unsustainable fossil fuel-based electricity imports, renewable energy in Eswatini is quickly diversifying. The transformative journey culminated at the COP26 conference, where Eswatini committed to an ambitious 50% surge in renewable energy production by 2030.

Why did Burando energies rebrand?

The rebranding to Burando Energies emphasizes the company's focus on leading the decarbonization of marine fuels.

We exist to promote a viable and sustainable energy industry in Eswatini, through efficient and effective regulation. We are a statutory Energy Regulatory Body established through the Energy Regulatory Act, 2007 (Act No.2 of 2007). Our Mandate is the administration of Electricity Act, 2007 (Act No.3 of 2007), with the primary and core ...
