On such a little thing my life hung that I often marvel that I escaped so easily. Had not the rifle of the leader of the party swung from its fastenings beside his saddle in such a way as to strike against the butt of his great metal-shod spear I should have snuffed out without ever knowing that death was near me.

Fractal EMS provides options for business hours or 24/7 monitoring and operations through our in-house control room based in Austin, Texas. Fractal EMS only uses real, in-house experienced BESS operators to monitor your projects including technical support, troubleshooting, ISO/RTO coordination and coordination with contractors. ...

Fractal Model can pull performance data from Fractal EMS and create a digital twin. Use the digital twin to further optimize the balance between costs and revenues. SENSITIVITY ANALYSIS . Perform sensitivity analysis by changing annual escalators for capacity payments, arbitrage revenue, ancillary revenue, warranty costs, aux load costs ...
