Crowley has your back when it comes to designing, constructing, commissioning and operating bulk fuel storage solutions. Whether your need is best accomplished through contractor-owned and -operated facilities or a government-owned, contractor-operated service, Crowley brings decades of proven expertise to your mission.

Our range of fuel storage tanks is purpose-designed to face the harshest of weather conditions and transportation scenarios. From construction sites to disaster zones, wherever you're operating, our modular tanks, pumps and fuel management solutions guarantee a robust, ready and reliable source of fuel whenever you need it.

In the past banded pipe solutions would have to be manufactured on site using expensive and time intensive welding on a piece by piece basis. Some of the clear advantages of FSS's APIApipe(TM) solution include: ...
Fuel Storage Solutions Ltd Marin House, 19 West Lane, Bradford, West Yorkshire,

Fuel storage solutions Iraq

The best way to save money and downtime is an annual check on your fuel tanks, pumps and filters by our registered OFTEC engineers. We also take fuel samples to check your fuel against the ISO 4406 cleanliness code. This will evaluate the risk of the filters becoming blocked during an engine run. If there's a risk, we can clean your fuel.

Iraq on Saturday halted all operations at the Shuaiba refinery in Basra following the overloading of fuel oil storage tanks, according to three refinery officials. The disruption occurred after no ships arrived at the Khor al-Zubair port ...
