Earth. Color: Blue mixed with green, yellow, white, and brown Earth is a terrestrial planet with an atmosphere rich in nitrogen and oxygen. Blue light scatters more because of the oceans and atmosphere. Water absorbs red light, giving Earth its mostly blue appearance, often called The Blue Marble.. Beyond the dominant blue color, we see clouds ...

Greg at Green Planet and his team in Bradenton were awesome! I live in FL and installed a Solar PV / Solar Electric system with Panasonic Solar Panels and Solar Edge EV Charger. Overnight our power bill disappeared and now am looking forward to powering my EV from the solar power. Pretty cool! Definitely recommend Green planet and solar power.
