

# Hesp solar Rwanda

Who is Hesp solar?

HESP Solar - Building High-Performance Solar Energy Systems Industry-leading solar financier and PPA provider specializing in commercial, industrial, and municipal clean energy investments.

Can a friendly regulatory environment speed-track solar adoption in Rwanda?

A friendly regulatory environment deserves credit for helping to fast-track the adoption of solar, according to local analysts. Rwanda is rich in renewable energy resources, but the cost of capital and the low price of electricity from the grid are slowing down development.

How much solar power does Rwanda have in 2022?

According to the International Renewable Energy Agency (IRENA), Rwanda had around 25 MW of installed solar capacity at the end of 2022. No new PV capacity has been deployed in the sub-Saharan country over the past three years. Total power generation capacity currently stands at just 259 MW and only 35% of the population has access to electricity.

Does Rwanda have a PV rooftop system?

The PDP team in Rwanda has pre-developed a PV rooftop system for King Faisal Hospital in Kigali, with a planned combined output of 432 kW. However, due to limitations on capacity, only 50 kW was installed. The European Union and Rwanda recently signed an agreement on sustainable and resilient value chains for critical raw materials.

How many Rwandans are accessing electricity through off-grid solutions?

As a result, today, 14% of Rwandan households are accessing electricity through off-grid solution, mostly solar home systems.

Does Norrsken House Kigali have solar?

Elie Habimana, Managing Director of Norrsken House Kigali, said that the building meets 53% of its energy needs with its PV installation. "We primarily run on solar during the day, then switch to the grid at night," Habimana said.

At HESP Solar, our process is to streamline and simplify the transition to sustainable energy through every phase of the process. Design Our team of experts engineers an efficient turn-key solar photovoltaic (PV) system ...
