Who is solar solutions?

Solar Solutions was established in 1999 by using renewable energy solutions technology. We are harnessing, reducing, cooling and lighting residential and commercial premises by going green that will not only go easy on the planet, but will go easy on your wallet, too. Let's harness the infinite, renewable energy source.

Why should you choose a solar solution system?

A solar solution system will power your essential loads, making load shedding a thing of the past with a seamless transition from Eskom to solar power. A solar system will help dramatically reduce your electricity bill. By switching between the regular grid and the solar system you will realise savings. 01. Our Services
