

Why do Indonesian batteries need a battery energy storage system?

Batteries are required to provide constant electricity supply to renewable energy plants, which are primarily intermittent, such as solar and wind power plants. The agreement was made with other state-owned bodies, such as the Indonesian Battery Corporation, to build the Battery Energy Storage System by 2022.

Will Indonesia decarbonize the energy sector?

The race is on to decarbonize the energy sector in Indonesia. In November 2022, the government of Indonesia and the International Partners Group (IPG) 1 launched their Just Energy Transition Partnership (JETP).

Is Indonesia ready for a just energy transition?

Indonesia is well placed to seize the opportunities from the decarbonization of maritime shipping and unfold synergies with its ambitious efforts toward a just energy transition, as underlined by several factors.

How much does bunker fuel cost in Indonesia?

As bunkering shifts to ports that can provide the most competitive fuels, Indonesia must address the cost gap between the zero-emission and traditional bunker fuel, ranging internationally between \$10 and \$53 per gigajoule (IEA, 2023).

Does Indonesia support shipping decarbonization?

Given the rapid trade expansion, Indonesia's share in global emission is forecast to increase rapidly without timely intervention. This underlines the important role Indonesia has in supporting shipping decarbonization in the decades to come.

Will Indonesia achieve net zero emissions in 2060?

Jakarta, 30 May 2023 - Indonesia affirms its commitment to achieving the target of reducing greenhouse gas (GHG) emissions towards Net Zero emissions (NZE) in 2060.

The Energy Container Solutions help you maximize your share of renewable generators, secure your supply, save costs and guarantee greater planning reliability. As a project partner, we are happy to support you in the design, planning and implementation of your individual battery storage system. Through our broad partner network, we also offer ...
