Who makes Nordex wind turbines?

As one of the world's largest wind turbine manufacturers, the Nordex Group offers high-yield, cost-efficient wind turbines that enable long-term and economical power generation from wind energy in all geographical and climatic conditions. With the Delta4000 platform, the Nordex Group relies on tried-and-tested series-production technology.

Who is Nordex energy South Africa?

NORDEX ENERGY SOUTH AFRICA LTD. (NESA) The Nordex Group has been present in the up-and-coming South African market since 2010, and is now the proud market leader, with a 32 percent share of the total installed wind power capacity in the region.

Does Nordex offer a multi-megawatt wind turbine?

With the serially-produced multi-megawatt wind turbines of Nordex Gamma Generation N90/2500, N100/2500 and N117/2400, Nordex is able to offer high-efficiency turbines for onshore use. Since 2013, Nordex offers the Delta Generation with the N100/3300, the N117/3000, and the N131/3000 for strong, medium and light wind sites.

What is a Nordex gamma wind turbine?

As of 2013, the third generation of Nordex wind turbines included two platforms, rated at 2.4 and 3.3 MW. In Europe, Africa and North America Nordex manufactures and sells the Gamma series, a product family comprising the N90/2500, the N100/2500 and the N117/2400. The N90/2500 is a turbine being developed for strong winds.

What is Nordex gamma generation?

Nordex combines decades of experience in designing, constructing and operating wind turbines, delivering more than 20GW of sustainable energy worldwide. With the serially-produced multi-megawatt wind turbines of Nordex Gamma Generation N90/2500, N100/2500 and N117/2400, Nordex is able to offer high-efficiency turbines for onshore use.

Will Nordex supply 57 WTG delta4000 turbines?

Nordex has similarly confirmed its role in supplying 57 Nordex WTG Delta4000 series turbines for a R9-billion cluster of three wind farms, in the Eastern Cape, with a combined capacity of 336MW, which will make for the largest purely private renewable energy facility in South Africa.
