

Lebanon air solar container module manufacturers ranking

<div class="df_qntext">Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises -- JinkoSolar, LONGi, Trina Solar and JA Solar -- collectively shipping over 320GW and dominating the industry.

<div class="df_qntext">What are the top 5 solar module manufacturers in 2023?

The total module shipments of the top 5 manufacturers nearly reached 300GW in 2023. The major players maintained their leading positions throughout the list. The top four were LONGi, Jinko, Trina and JA Solar, the same order as last year.

<div class="df_qntext">How much money did the top 10 module manufacturers make in 2023?

The revenue of the top 10 module manufacturers exceeded 700 billion yuan and the shipments exceeded 400GW in 2023, almost double the total of the top 20 in 2022. The total module shipments of the top 5 manufacturers nearly reached 300GW in 2023. The major players maintained their leading positions throughout the list.

<div class="df_qntext">Who will dominate the global PV module market in 2023?

A total of 18 Chinese companies were selected in the top 20 list, with a total output of more than 440GW in 2023, gradually taking over the global PV module market with their unique advantages. LONGi, the king of the PV industry, will supply 66.44GW of modules in 2023, up 42% year on year.

<div class="df_qntext">Which countries dominate solar module manufacturing?

According to Wood Mackenzie's report, China continues to dominate the solar module manufacturing landscape in terms of scale, but emerging challengers from India, South Korea, and Vietnam are rapidly closing the gap as global production becomes more geographically diverse.

<div class="df_qntext">How many solar modules will Longi supply in 2023?

LONGi, the king of the PV industry, will supply 66.44GW of modules in 2023, up 42% year on year. Most of the manufacturers in the first tier achieved module shipments of more than 50GW each, which was significantly higher than those of the following manufacturers in the ranking.

Shipment volumes of the list of manufacturers increased significantly, up by 78% YoY. There is a clear distinction among module makers, with top-ranked companies remained the same as ...

The Sinovoltaics Ranking Reports provide you with a quarterly ranking of PV module, inverter & storage manufacturers according to their financial strength. ...
