Rebranded as Mitsubishi Power, Ltd. and became a wholly owned subsidiary of Mitsubishi Heavy Industries, Ltd. (MHI) 2019: Launch of Saudi National Program: 2018: Established Mitsubishi Power Doha office : 2016: Established Mitsubishi Power, Ltd. Middle East and North Africa: 2014

Morocco is almost wholly dependent on imported energy to power its economic development. Over 93 per cent of its energy needs are met through imports of mostly fossil fuels. This places a significant strain on Morocco's industrial sector, which uses 21 per cent of the country's overall energy. As the industrial sector

Morocco holds the potential to emerge as a significant future hub for EV manufacturing. In addition, companies like NEO Motors exemplify the country's ambition to promote Made in Morocco products. EV production in Morocco is still in its infancy. The country currently produces 40,000 to 50,000 EVs annually including the Mini EVs Fiat Topolino,
