Kuwait s Central Tenders Committee (CTC) has approved the award of the KD139.1m (\$494.3m) contract to Spain s Cobra to build the planned 50MW concentrated solar power (CSP) plant for Kuwait Institute for Scientific Research (KISR). Cobra submitted the fourth-lowest price for the tender when six groups submitted bids in November 2013.

The 60MW first phase of the Shagaya solar energy project is divided into a 50MW concentrated solar power (CSP) plant and a 10MW solar photovoltaic (PV) plant. Commercial start-up is set for 2017. The solar thermal component will use a parabolic trough technology called SKAL-T designed by its German subsidiary, Flagsol.
