What is a pylontech home battery?

The C-PYL-H3-15.4 Pylontech home battery is the perfect way to store your energy at home. This battery has a capacity of 15.4 kWh and offers reliable and effective storage of sustainable energy. The advanced lithium iron phosphate technology guarantees a long service life and high safety for the C-PYL-H3-15.4.

How long does a pylontech battery last?

Pylontech-designed and manufactured cells, modules, and BMS ensure the highest quality and longest possible life, offering up to 8,000 cycles at 95% depth of discharge. The combination of Pylontech lithium batteries and Victron inverters has been tested and certified by both Victron and Pylontech R&D departments.

How does the pylontech us5000 communicate with the Cerbo GX?

The US5000 communicates with the Cerbo GX via the BMS type A cable. This allows the battery bank to share real-time battery health and performance data with the rest of the system, ensuring that the batteries stay balanced and properly charged. Pylontech US5000 Key Features:
