Who are Hoppecke industrial batteries?

Welcome to HOPPECKE Industrial Batteries, the UK arm of the German company HOPPECKE Batterien GmbH which has been delivering batteries and power management solutions to customers around the world for nearly a century. Hoppecke Industrial Batteries has been servicing the UK's energy requirements in a range of industries since the early 1980s.

What is a Hoppecke battery?

The HOPPECKE grid |power V L battery is a vented, stationary, lead-acid battery with liquid electrolyte. Its configuration with positive tubular plates and all-round protection of the active mass by woven polyester gauntlets ensures extremely high resilience.

Are Hoppecke batteries CE rated?

Get to know grid |Xtreme VR for your data center. HOPPECKE batteries already meet the necessary requirements of the EU Battery Regulation from August 2024 and are therefore CE marked from now on. Trust in our tested quality and always stay on the safe side with HOPPECKE. We are in the top 1% of all companies rated worldwide by EcoVadis.

What is Hoppecke grid & power VR L Battery?

The HOPPECKE grid |power VR L battery is a sealed, stationary, lead-acid battery with fixed electrolyte. Its design principle is based on the use of gauntleted positive plates and fixation of the electrolyte by gelling. It can therefore be used horizontally in the event of limited installation space.

What are Hoppecke Sun & Power VR M batteries used for?

HOPPECKE sun |power VR M batteries are frequently used for street lighting, medical supply units, signal systems and leisure applications. Both the level battery lid with integrated handle and the easy-to-clean surface ensure safe and convenient handling during installation.

What is Hoppecke grid?

The HOPPECKE grid |power V H is an innovative, vented, lead-acid battery with liquid electrolyte for stationary operation. The special feature of the bloc series is the pocketing of the negative electrode with excellent current conductance.
