jocam Escreveu:Boa pessoal Sou novo nestas andanças e não percebo nada disto lol Comprei à 2 anos uma casa que tem um painel solar RIGSUN e recentemente descobri que as firmas que davam assistência dessa marca já entraram em insolvência.

The efficiency of the solar system is affected by the angle between a photovoltaic (PV) panel and sun. More direct sun light on PV modules leads to enhanced energy yield.

It's always a risk, but especially these years. For anyone interested, read the study by Scott McIntosh on solar cycles, his way of predicting solar cycles is far more accurate and logical than the ways NASA has been using. They're basically guessing. According to Scott, the solar cycles are tied to the sun's magnetic pole reversals.

The purpose of this project is to design a solar system for Brunei's medium sized residence to meet the daily energy demands. A comprehensive analysis was conducted on

Sistema Solar Rigsun 300 Litros, circular, com dois painéis Rigsun 260 suspensos no telhado. Descrição: Trata-se de um sistema solar com as características abaixo discriminadas, por ser instalado em Parada de Tibes ...
