

Sdc10 box5 Niue

SDC10-Box5 series are suitable for 51.2V low voltage ESS. It adopts high safety, high cycle, high reliability and minimalist design. The system can be paralleled, with capacity extended to 81kWh, applied in grid-connected, off-grid, photovoltaic and all kinds of green and low-carbon applications of household ESS. SDC10-Box5 LV Series

Hi I have a month old installation consisting of a SunSynk8kW inverter, 2x Shoto 5.12 SDC10-Box5 and 5.4kWp solar array installation. I've been really struggling to keep the battery temps down under 30 degrees; nevermind the recommended 25 degrees. Typically it reaches about +-31 degrees each day (the highest was 34.5 degrees).

The Shoto SDC10-Box 5 is a high-capacity Lithium-Ion battery engineered to provide reliable and efficient energy storage in renewable energy systems. Featuring a capacity of 5.1 kWh and a 16-cell configuration, this battery is designed for flexibility and scalability, making it suitable for both residential and commercial applications.
