

Sofarsolar French Polynesia

Is Sofar solar a private company?

Sofar Solar is a Private company. What is Sofar Solar's current revenue? The current revenue for Sofar Solar is 000000. How much funding has Sofar Solar raised over time? Sofar Solar has raised \$36.3M. Who are Sofar Solar's investors?

Which energy storage solutions are suitable for French customers?

Tailored to residential storage applications for French customers, SOFARSOLAR introduces another energy storage solution that features a HYD 6000-EP single-phase storage inverter and a GTX5000-PRO low-voltage battery storage system. Being quite versatile, HYD 6000-EP can serve as an off-grid inverter when the grid power is absent.

How much money does Sofar solar make?

The current revenue for Sofar Solar is 000000. How much funding has Sofar Solar raised over time? Sofar Solar has raised \$36.3M. Who are Sofar Solar's investors? Ciit Asset Management, Contemporary Amperex Technology, SB China Venture Capital, Changjiu Group, and Co-Stone Capital are 5 of 11 investors who have invested in Sofar Solar.

What types of solar inverters does sofarsolar offer?

SofarSolar offers a large variety of products for residential PV systems. Starting from 1.1 kW for small PV systems with three solar panels, up to 7,5 kW single-phase inverter. The 3-phase residential inverters range from 3.3 kW up to 15 kW. All solar inverters come with a Wi-Fi stick, which facilitates the integration to your home network.

What support does Sofar offer?

To ensure the best support for our customers, SOFAR has set up local teams which stand ready to provide expert assistance with your PV system installation- from planning support with professional tools, such as PVsyst and PVsol, to giving advice on component selection for specific project requirements, SOFAR has got you covered.

How do sofarsolar inverters work?

SofarSolar inverters have the inbuilt capability to limit the power to zero or to a pre-set value. As a standard, our 1-phase inverters have an analogue input to connect a current transformer which measures the feed-in power. Our 3-phase inverters can be controlled by SOFAR's Anti-Reverse Power Controller (ARPC).

Microinverter System for Future Home Energy. Designed for digital home energy of the future, PowerNano is suitable for all-scenario applications through a combination of microinverter, smart home hub and AC battery, providing an easy-to-distribute, easy-to-install and easy-to-use solution that maximizes the ROI of installing solar PV at home. The system integrates RSD, IP67, and a ...
