Why Get Solar Panels For Your Jamaican Home. Using solar panels for your home can save energy by using natural resources of the sun to power appliances, air conditioning units, pool pumps and lighting systems. Solar panels are very durable and last about 25 years without requiring much maintenance or replacement of equipment.

OUR Clarifies Its role in Solar Panel Installation (KINGSTON, Jamaica; August 20, 2013): The Office of Utilities Regulation (OUR) wishes to state that it does not grant permission for the installation of solar panels. However, if there is intent on the part of the solar panel owner to supply electricity to the public grid, a licence is required.
