

Suriname electric distribution cabinet

Does Suriname need a reliable electricity service?

"The Bank's 2014 to 2018 Country Strategy Paper for Suriname identified support to EBS and support for investments in renewable energy and energy efficiency as priorities for the Government of Suriname. We know the importance of a reliable electricity service in supporting economic activity and social development.

How many people lacked electricity in Suriname?

Despite more than US\$880 million in subsidies to the electricity sector over five years, more than 50,000 people lacked electricity service in Suriname. For the 500,000 people with service, service interruptions and voltage instability were frequent.

How did Suriname develop a low-cost expansion plan?

To prepare the Plan we forecasted demand, developed Suriname's first-ever low-cost expansion plan, recommended a new tariff, developed a rural electrification strategy, and built stakeholders' decision-making capacity.
