When initially turned on, similar to standard appliances, ECO-POWR(TM) products draw a small amount of electricity. As a workout begins, the units almost instantaneously stop consuming electricity and, within seconds, enough energy is being produced to power the unit and to send excess electricity back into the facility's grid through a standard outlet.

Nestled in the Christmas Island National Park, surrounded by wildlife and overlooking the ever-changing ocean, Swell Lodge is the world's most exclusive eco-lodge. While Swell Lodge will be perfect for relaxing and soaking up the view, Christmas Island itself is also a wonderland of experiences, many of them within easy walking distance from ...
