

World solar container conference held in nicosia

<div class="df_qntext">When did solarplaza summit Greece take place?

On 15 November 2022, close to two hundred local and international solar PV stakeholders met in Athens for the Solarplaza Summit Greece. This webinar will discuss the latest insights into the successful investment in and development of solar projects in Greece.

<div class="df_qntext">Why should you attend the 6th solarplaza summit Greece?

The 6th Solarplaza Summit Greece: Solar & Storage provides a vital platform for stakeholders to navigate the opportunities coupled with these developments, as well as the significant strategic challenges regarding grid issues like curtailment, newly defined interconnection terms, and changing market and regulatory frameworks.

<div class="df_qntext">Who is a solar company director - IWPP/IWP?

An accomplished director with a focus on utility projects (IPP/IWPP/IWP), Georg brings over 20 years of extensive experience in the renewable energy industry, including multiple leadership roles in international sales and business development at solar companies such as LONGi, Ideematec, and First Solar.

<div class="df_qntext">How much solar power does Greece have?

By installing a generous 2.5 GW of new solar capacity, Greece bumped up its cumulative solar PV capacity number to 9.6 GW by the end of 2024. The country's anticipated to add another 10 to 12 GW of fresh solar capacity by 2030, with solar and wind technology expected to dominate most of the renewable auctions until 2025.
