<div class="df\_qntext">Why should you choose a solar company in Zambia?

We are a growing enterprise with an innovative approach to increasing access to affordable solar technology within Zambia. As a business, we follow a clean environmentally friendly approach to maximise our positive social and environmental impact. Within our organisation, we encourage a friendly and professional work environment.

<div class="df\_qntext">Why should you invest in a photovoltaic system in Zambia?

Zambia provides optimal conditions for photovoltaic (PV) with average irradiation rates of 5.5 kWh/m<sup>2</sup>&#178;. To harvest that huge source of energy we provide a wide range of photovoltaic solutions for the residential, business and social sector. In general, PV systems can be divided into on-grid and off-grid systems.

<div class="df\_qntext">Why should you choose a solar pump system in Zambia?

Zambia has one of the biggest water resources in Sub-Saharan Africa and our solar pump systems will enable you to access those resources at any place. Either for residential use, irrigation of farm land or industrial applications, solar pumps will ensure an independent water supply at your location.

<div class="df\_qntext">How do I contact a solar company?

For any inquiries, questions or commendations, please call: +260971459548 or fill out the following form  
Success! Message received. We provide high quality solar and backup solutions for a fair price. Either residential or business, we will find the right system for you

<div class="df\_qntext">Why do you need a split unit system in Zambia?

Split-unit systems are ideal solutions for the tourism and social sector as well as bigger apartment buildings. Load shedding is a constant problem in Zambia which can cause devastating revenue losses. Our backup systems will help you to be prepared in case of power outages.
